

A photograph of an outdoor patio furniture set in a lush forest. The set includes a light-colored tufted sofa, two wicker egg chairs with white cushions, a round wicker coffee table, and a wooden stump side table. There are several potted plants with purple and white flowers. A large wooden A-frame structure is on the left, and a metal frame is on the right. The background is a dense forest of tall evergreen trees under a cloudy sky.

As a Colorado event decor company, for us, it is all about originality. It's about designing. It's about creating YOUR story and how you want it told.

Our goal at Catering by Design is to take your event from imagination to reality through our dedication and diligence to details. We believe every space has its own character and our designers enhance that character, drawing inspiration of from the arts, upcoming trends, and your vision. By incorporating stylish elements, colors, textures, and emotions, we create just the right atmosphere. And, with a full-time staff of craftsmen, we can produce custom pieces that are exclusive to the Colorado market.

If you have a dream for your event, we can create it - or we can design the dream for you! Our team can create custom decor to suit your specific needs.
